

**Tapioca** is an ancient and versatile starch derived from the root of the cassava or yuca plant. Native to South America and the West Indies, tapioca was enjoyed by the Mayans, who were the first to harvest cassava.

Tapioca and cornstarch may be used to thicken soups and sweeten baked goods. Tapioca makes a delicious pudding and the pearls are the basis of the popular "bubble tea". These items are a perfect addition to your baking and/or gluten-free sets.
